SERVICE YOU CAN RELY ON!

MISSION:

The purpose of our existence is to successfully build and continually deepen relationships with our valued customers. Since 1992 Elixair has carried on this mission by means of providing excellence in home health care products throughout Southern California.

VISION:

To become your provider of choice, delivering products and services to you with high ethical standards and a supreme level of care in an innovative, yet cost-effective manner.

OUR PROMISE:

We promise to work daily and diligently in order to fulfill our mission.

- Products we carry are hand selected by our experienced staff having the customer's need in mind.
- Our customer service team will strive to simplify the order intake process and documentation requirements. At Elixair, an actual person will pick up the line and attend to your needs.
- Our professional technicians will promptly deliver, set up, and instruct each valued customer on the proper implementation of the physician's order and plan of care, leaving behind a positive sense of reassurance.

We know you have a choice for home health care products. We thank you for choosing Elixair.
